

ANTI-AGING EYE LIFT SERUM™

-with Tetrapeptide-GHK™

SOLAL

BEAUTY SCIENCE

MEDICINE FOR THE SKIN™

- Reverses wrinkles
- Shrinks eye-bags & puffiness
- Reduces dark circles
- Repairs elasticity & firms skin

As the skin around the eye loses its elasticity through aging, it begins to sag, forming folds in the eye lids. These fill with fatty deposits and water, resulting in puffy eyebags and dark circles.

Anti-Aging Eye Lift Serum™ contains Tetrapeptide-GHK™ with copper and vitamin K liposomes which, after 2 weeks of use, reverse fat and water accumulation around the eye, shrink eye-bag puffiness and reverse dark circles. After 1-2 months of use, you will also notice improved skin elasticity, firmness and fewer wrinkles around the eye.

DIRECTIONS FOR USE:

Ensure face and eye area is properly washed and cleansed. Apply Anti-Aging Eye Lift Serum™ twice daily around the entire eye area, including the eye-lid. One pump is sufficient for both eyes. Gently rub or pat the serum into the skin, over 1-2 minutes. Allow the serum to set for 10 minutes or longer, before applying eye shadow or other cosmetics.

STORAGE INSTRUCTIONS:

Store in a dark and dry place, below 25°C.

COMPOSITION:

Aqua, Organic hydrolysed wheat protein, acetyl-Tetrapeptide, Hexapeptide, Vitamin K liposomes, Vitamin A, Copper-GHK peptide.

Contains no paraffin, mineral oil, propylene glycol, sodium lauryl sulphate or paraben preservatives.

15ml – 120 pumps (2 months supply)
