

*Now you can have your cake  
or pasta, pizza, bread, rice, potatoes and wine*

*AND eat it*

**LOWERS GI  
(GLYCAEMIC INDEX)  
WHICH PROMOTES  
HEALTHY WEIGHT  
= INCREASES FIBRE  
CONTENT OF FOOD**

*Turns unhealthy food into healthier food*

- ✓ Lowers the glycaemic index of food, balances blood sugar and helps control appetite
- ✓ Makes unhealthy food healthier –without affecting taste or texture
- ✓ Sprinkle Invisible Fibre™ into almost any food or drink to invisibly and tastelessly increase fibre content, or add one serving to half a glass of water and drink before or after a meal.

**Available from:**

**SOLAL Technologies, Medical Practitioners, Dis-Chem Pharmacies and selected Pharmacies & Health Shops.**

Visit SOLAL's Website for:
