

**INDICATIONS & MECHANISM OF ACTION**

SOLAL's EGCG contains 100% pure Teavigo® which is green tea in its purest form and is caffeine-free, unlike many other green tea extracts. Teavigo® is pure EGCG (Epigallocatechin Gallate) which is the most active antioxidant and free-radical detoxifier in green tea. EGCG is important for cardiovascular health, reducing cholesterol, reducing cancer-risk and may help with weight loss by stimulating thermogenesis. Research also shows that EGCG appears to improve bone density and reduce the risk of developing Parkinson's disease. EGCG also has skin anti-aging, anti-viral and 5-alpha-reductase inhibiting effects.

**COMPOSITION**

Each Capsule Contains:  
EGCG (Epigallocatechin Gallate) 100mg  
[this is equivalent to 5 cups of green tea]  
Inactive ingredients: hypromellose (cellulose) vegetarian capsule shell (gelatin free), natural plant prebiotic fibre fillers, silicon dioxide (drying agent), magnesium stearate (flow agent). Contains no colourants, preservatives, lactose, gluten, yeast, starch or artificial fillers.

**DIRECTIONS FOR USE**

Take one capsule daily after food, or as directed by your healthcare practitioner.

**EGCG GREEN TEA EXTRACT**  
(TEAVIGO®)

A purified extract of EGCG, the most potent antioxidant from Green Tea • 1 capsule = 5 cups of green tea

**WHY SOLAL EGCG GREEN TEA EXTRACT:**

- Potent: EGCG is the purest and most concentrated Green Tea extract known
- Quality: Contains Teavigo® EGCG which is the highest quality EGCG on the market
- Value: Each tub supplies a 2 month's supply of an effective 100mg daily dose

100mg – 60 capsules (2 months supply)

**PRECAUTIONS, SIDE-EFFECTS & INTERACTIONS**

Side-effects are rare but can include mild indigestion or diarrhoea. Do not exceed recommended dosage unless on the advice of your healthcare practitioner, since preliminary research shows that high doses of green tea can cause or aggravate hepatitis (liver inflammation). Do not use if you have a liver disease, unless under the supervision of your doctor. Do not take at the same time as iron or meat containing meals since green tea reduces iron absorption. Safe for use during pregnancy and breast-feeding at the recommended dosage. EGCG can have blood thinning effects. If you are on blood thinning medication, then consult your doctor or pharmacist before use. Store in a cool dry place, out of the reach of children. Do not exceed recommended doses unless on the advice of a healthcare professional. If you are on prescription medicine or suffering from any medical condition, it is advisable to seek medical advice before beginning any new supplement or remedy.
