

COMPOSITION PER mL

30mg Bioidentical Progesterone (BPI USP) 30mg (progesterone), in a liposomal, non-proprietary, zinc-stabilized emulsion base. **Bioidentical Progesterone**

Apply one level (1ml scoop) (1/4 of a teaspoon) or more (if you have testosterone dominant symptoms or are not obtaining results) to the skin twice daily or as directed by your health care professional. Apply to different areas on a daily basis, including the palms of the hands and parts of the soles of the feet, the neck, chest or inner upper arms. Can also be used internally and applied with an applicator. **Women:** Per-menopausal (menopausal age 28+), use Monday 1/25 of monthly cycle. Post-menopausal, use daily, taking a break of 3 consecutive days per month. **Men:** Use 1.5 mg each night (1/4 a 1ml scoop) before bed. Use on soft parts of the soles of feet, alternating feet. Men do NOT need days off.
